CS-200S Rechargeable Portable AC/DC Stereo Cassette Recorder With 2 External Speakers and Large Carrying Case

Now — enjoy the clarity and spaciousness of full-fidelity stereo sound — wherever you go. Superscope's CS-200S brings you all that and more. Truly portable (AC/DC powered) it has a handsome flexible carrying case and two external speakers, plus additional built-in speaker.

Enjoy the CS-200S at home, in the living room, or as a "second stereo" in bedroom or den. Take it to that weekend cabin or use it in the camper. Entertain the children while traveling in your car. Or, use it with your present system as a stereo cassette deck.

How can we do it? Easy. Superscope has years of experience bringing you the world's finest audio equipment — Sony tape recorders and Marantz stereo components. Superscope products continue this tradition of excellence.

Superscope's CS-200S: when only the best in portable stereo will do.
